ROBUST RESISTANT & RELIABLE

Accumax Reagent Bottle

Accumax Reagent Bottle

Reagent bottles have been developed for a wide variety of applications across many different industries. They are designed to protect the contents from contamination and evaporation, as well as to provide safe storage and easy handling.

Various types of polymers are available for reagent bottles, different polymers offer a variety of properties each having a different level of importance.

Available in various types such as wide mouth, narrow mouth, wide mouth with handle, square bottles and heavy duty bottle

Product Features

Excellent chemical resistance for a variety of lab application

Amber colour for excellent light shielding for storage of light sensitive substance

Leak proof for ultimate protection and Autoclavable*

Produced in 100K Class Clean room Facility

US FDA 21CFR approved raw material

Translucent Visibility and Amber colour option available

Reagent bottles with Handle for ease of carrying and Transportation

Available in PP, HDPE and LDPE

Wide range of volume available from 4ml to 4Ltr

*All caps are made up of PP material
